SUMMARY

Motivated and detail-oriented Programmer with a strong foundation in C#, .NET framework, and web development, supported by a Bachelor's in Computer Science. Experienced in developing and testing C# applications, performing data integration and migration, and maintaining SQL Server databases. Recognized for excellent analytical and problem-solving skills, with a proven ability to learn new technologies quickly and deliver reliable, high-quality solutions. Eager to contribute to innovative software projects and grow in a collaborative IT environment.

WORK EXPERIENCE

Personnel MySTEP- Jabatan Perkhidmatan Awam **June, 2025 – Present**

- Assisted in C# and .NET application development using Visual Studio 2022, improving internal department workflows.
- Supported data migration and integration using SQL Server Management Studio and Cozyroc, ensuring high data accuracy and consistency.
- Conducted detailed document validation, reducing processing errors by over 95% and maintaining compliance with internal standards.
- Troubleshoot system and database issues, demonstrating strong analytical and problem-solving capabilities.
- Gained practical experience in .NET 8, SQL Server, and software testing through hands-on development tasks.

IT Intern – Anggun Lufya Travel and Tours **March, 2024 – June, 2024**

- Supported website and system maintenance using HTML, CSS, JavaScript, and MySQL, improving site performance and reliability.
- Collaborated with cross-functional teams to align technology with business needs, reducing IT request resolution time by 30%.
- Completed assigned tasks consistently ahead of deadlines through effective time management.
- Assisted in troubleshooting to improve system uptime.

Tutor Helper - Kumon Putra Height **December, 2018 – March, 2019**

- Guided students through complex problem-solving exercises, improving individual performance and demonstrating leadership in a learning environment
-

LANGUAGES

 - Spanish (Beginner)
-

EDUCATION

Bachelor of Computer Science (Hons)

- Universiti Teknologi MARA (UiTM), Jasin
- Graduated: Sep 2025

Module 3 Computer Science

- Perlis Matriculation College
 - Graduated: May 2020
-

TECHNICAL SKILLS

- Programming Languages: C#, Python, Java, JavaScript, SQL
 - Frameworks & Technologies: .NET 8, ASP.NET, HTML, CSS, SDLC
 - Tools: Visual Studio 2022, SQL Server Management Studio, Cozyroc, Git
 - Databases: SQL Server, MySQL
 - Core Competencies: Data Integration, Software Testing, Problem-Solving, Analytical Skills, Time Management, Documentation Accuracy
-

PROJECTS

Blood Donation Mobile Application (Java/Firebase/ Google Map API)

- Developed a mobile application that enables users to locate nearby blood donation events based on location and availability.
- Implemented features such as real-time event listings, user registration, and notification reminders, improving accessibility for potential donors.
- Integrated Firebase for user authentication and cloud data storage, ensuring reliable and secure access to event information.
- Designed a clean, user-friendly interface to improve user experience and encourage greater participation in donation events

Personal Portfolio Website (HTML/ CSS/ Javascript)

- Built a fully responsive personal portfolio website to showcase projects, skills, and achievements.
 - Optimized site layout and UI to ensure fast loading speed, clean navigation, and a professional presentation.
 - Implemented custom JavaScript components to enhance interactivity and engagement.
 - Used best practices in web development, including semantic HTML and mobile-first design.
-
